

## Outlook 2019 - Part 1

### Overview

---

In this course, you will use Outlook to send, receive, and manage email messages, manage your contact information, schedule appointments and meetings, create tasks and notes for yourself, and customize the Outlook interface to suit your working style. This course is the first in a series of two Microsoft® Office Outlook® 2019 courses. It will provide you with the basic skills you need to start using Outlook 2019 to manage your email communications, contact information, calendar events, tasks, and notes.

### Prerequisite Comments

---

To ensure your success, you will need to have end-user skills with any current version of Windows, including being able to start and close applications, navigate basic file structures, and manage files and folders. You can obtain this level of skills and knowledge by taking the following course:  
Using Microsoft® Windows® 10

### Target Audience

---

This course is intended for people who have a basic understanding of Microsoft® Windows® and need to know how to use Outlook as an email client to manage their email communications, calendar events, contact information, and other communication tasks.

### Course Objectives

---

In this course, you will use Outlook to manage your email communications, including composing, reading, and responding to emails; schedule appointments and meetings; manage contact information; schedule tasks and create notes; customize message response options; and organize your mail.

You will:

- Navigate Outlook to read and respond to email.
- Use the Address Book and format and spell check new messages.
- Attach files and insert illustrations to messages.
- Customize read and response options.
- Use flags, categories, and folders to organize messages.
- Create and work with Contacts.
- Create appointments and schedule meetings in Calendar.
- Create and work with Tasks and Notes.
